

Business Performance Report

Project: Business Performance Analysis using Sample Superstore Dataset

Objective: Analyze key business KPIs and provide executive-level insights to support decision-making.

Key Performance Indicators (KPIs)

- Total Sales, Total Profit, Total Orders, Total Quantity
- Average Discount
- Profit Margin

Key Findings

- Top Performing Region: **West**
- Top Performing Category: **Technology**
- Top Customer Segment: **Consumer**
- Most Profitable Sub-Category: **Copiers**

Business Recommendations

1. Increase investment in the West region to maximize revenue.
2. Focus on Technology products for higher sales growth.
3. Improve sales strategies in lower-performing regions.
4. Strengthen marketing campaigns for Corporate and Home Office customers.
5. Continue promoting high-profit product categories such as Copiers.

Conclusion

The analysis indicates that the West region and Technology category are the strongest business drivers. By allocating resources strategically and improving weaker regions, the company can improve profitability and sustain long-term growth.
